PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note.

Dated 14th September 1949.

VARIOUS MEASURES TAKEN BY THE GOVERNMENT TO AMELIORATE THE CONDITIONS OF LABOUR, FROM OCTOBER 1947.

Realising that the amelioration of the conditions of the common man should receive the first attention of every Government, the Cabinet in Mysore has been striving ever since it was installed in Office, to improve the lot of our people by legislative measures and administrative actions. Labour, which forms, by no means an insignificant part of this commonality by virtue of its extreme susceptibility to exploitation at present by designing capitalists is, therefore, receiving the highest priority of attention. The manifold activities of the Labour Department are proof—if proof were needed—that a new orientation of outlook is present in dealing with labour problems. What was hitherto a negative policy in the field of labour is transformed into a positive and purposeful attempt to bring about better conditions of living. There is a shifting of emphasis from the purely basic requirements of the worker to an increasing provision of social security in recent labour legislation in Mysore.

LABOUR LEGISLATION.

The Mysore Factories Amendment Act of 1948 providing for holidays with pay to the workers and the starting of canteens in industries where there are 100 or more workers, the Payment of Wages Act, 1948, stipulating that every worker should be paid his wages at regular intervals, the Mysore Shops and Establishments Act, 1948, providing facilities for leave and security of tenure to the workers in a field which was hitherto neglected, the Mysore Minimum Wages Act, 1948, providing for fixing minimum wages and work loads and thus eliminating the chances of exploitation of labour on the one hand and ensuring sufficient quantum of work to the Employers, the Employees State Insurance Act, 1949, providing for security against certain recurrent risks like sickness, maternity and disablement, etc., the Labour Housing Act, 1949, which provides for setting up a Tripartite Corporation to build houses for labourers, and the Mysore Employment of Children Act, 1949, prohibiting the employment of children under a certain age in some industries like the beedi-making, transport and carpet-making industries, etc., were all passed after the advent of the new Ministry.

The Government of India, with a view to securing uniformity of Labour Laws throughout the land, have directed that further legislation should be kept in abeyance in the matter of Industrial Relations. A comprehensive bill called the Industrial Relations Bill is being drafted by them. In deference to this directive from the Centre, the consideration of the Mysore Labour Bill, 1948, is deferred for the present. The draft rules under some of these Acts are under the active scrutiny of Government.

It is also the intention of Government to enact a separate Labour Bill for plantation labour.

It is thus seen that, but for the proposal of the Central Government to keep in abeyance further legislation in the field of Labour, our legislation would have been the most comprehensive and progressive.

TRIPARTITE CONFERENCE.

During this period, the Mysore Industrial and Labour Conference, which was tripartite in composition, was held under the auspices of the Government of Mysore. About 150 delegates consisting of prominent industrialists and labour leaders of Mysore were invited. As many as 17 subjects relating to labour were considered. In pursuance of th decisions arrived at the Conference, four Sub-Committe have been appointed for recommending the lines on whic legislative and administrative action might be taken, viz Sub-Committees on Industrial Peace, Profit-sharing, Housi and Plantation Sub-Committees.

I. L. O. CONFERENCE.

The Minister for Law and Labour, the Hon. Sri K. Bhashyam, was selected as one of the delegates of th Government of India to attend the 31st and 32nd Sessions the I. L. O. held at San Francisco and Geneva, respectivel during June 1948 and 1949. He attended these conference The Governing body of the I. L. O. is due to meet at Myso during the month of December 1949 and all arrangemen are being made for the meeting.

THE K. G. F. PAY COMMISSION.

The Government appointed a Pay Commission for reviewi and reporting on employment and labour conditions in t Gold Mining Industry on the Kolar Gold Fields. The Co mission submitted its report and the recommendations there are under the active consideration of Government.

The Government have appointed a Wage Board to advi them regarding the fixation of the minimum rates of wag and work loads in respect of employment in the K. G. Mining and Metallurgical operations.

The Arbitration Courts and Tribunals have given awar in four out of the five industrial disputes referred to them far. These disputes relate to the Mysore Iron and St Works, the Mysore Spinning and Manufacturing Co., Lt the Minerva Mills, Ltd, the Davangere Cotton Mills, Lt the Bangalore Woollen, Cotton and Silk Mills Co., Ltd., t Mysore Paper Mills, Ltd.

Government have sanctioned the scheme of posting depa mentally trained Labour Officers in the Government-own and Government-aided industrial concerns, irrespective of t wishes of the management. Their functions are to mainta a continuous liaison between labour and management to preve conflicts by timely intervention and to look after the welf of labour in general. At present, there are 7 Labour Welf Officers working in the Railways, Porcelain Factory, Gover ment Electric Factory, Soap Factory, Sugar Factory and t Implements Factory at Hassan.

INDUSTRIAL HOUSING.
